Firefighter Steve Walsh from the Mukilteo Fire Department is declared winner of the pancake-eating contest at the annual Kiwanis Club of Mukilteo pancake breakfast on Saturday. Left to right: Cheol Kang, Mukilteo Police Dept., Sheriff John Lovick, and Steve Walsh.

Almost 500 of our Mukilteo community had a breakfast of pancakes, eggs, ham and sausage at the fifth annual Kiwanis Club of Mukilteo pancake breakfast Saturday. Held at Olympic View Middle School, the breakfast raised about \$3,200 for the club's scholarship fund and other Kiwanis-sponsored youth programs.

Kiwanis Club of Mukilteo enjoys getting the community together and flourishes when we have an opportunity to serve food to friends and neighbors while raising funds.

An abundance of talent was evident in the kitchen and the many gifted performers on stage from Discovery, Olivia Park, Picnic Point Elementary Schools, Explorer and Olympic View Middle Schools and Kamiak High School. It was an additional treat to have live entertainment.

We want to thank Cheol Kang of the Mukilteo Police Dept., Sheriff John Lovick and Steve Walsh for volunteering and participating in our Pancake Contest. We also appreciate the fire department donating its \$100 winnings back to our club.

Kiwanis Club of Mukilteo February Student of the Month Mariner High School

Gurpreet Kaur

Gurpreet is a senior at Mariner High School. She is a charter member of the Mariner Key Club and its Vice President. Her class standing is 14 out of 432, with a 3.85 GPA. To date she has taken 11 honors or AP classes and has been the Mariner Student of the Month three times.

Gurpreet has also been active outside of the classroom. She has been a member of the National Honor Society all 4 years, receiving the Lamp of Knowledge award. She has played JV tennis, participated in the Sikh Youth Symposium, and attended Art Instruction School, being a blue ribbon award winner. She has helped her community by being a tutor and a book buddy. All of this while having perfect attendance all 4 years.

Now after hearing about her stellar achievements, here is what others have to say about Gurpreet.

Robin Kohler, Computer Science teacher, has this to say,

Gurpreet is an amazing young lady. I can count on her to answer questions or help any of her fellow students who need assistance. I am amazed at her dedication, determination, maturity, and personality. Gurpreet will go far both in college and on the job. She is well deserving of this recognition!

And Rob Storrs, her AP English teacher has this to say,

Gurpreet is without doubt deserving of this Kiwanis honor. She has an insatiable intellectual curiosity that few of her peers can match. This, combined with her amazingly consistent work ethic, has resulted in her successful academic performance here at Mariner High School. I have had her as a sophomore in my Honors English II and again this year as a senior in my college preparatory English IV: Media Analysis. Without qualification, Gurpreet is a student worthy of such recognition.

Finally Jonathan Yelsky, her Science teacher has this to say,

I had Gurpreet in Earth Science as a freshman, and now again as a senior in physics. As a freshman she was very quiet and shy, but still an excellent student. Over the years she has become much more outgoing (in a positive way). Gurpreet is still an excellent student, but now she is a much more dynamic learner. She works very hard and collaborates with lab partners better than any other group in the class. She understands the importance of working effectively with her lab group in the class. She understands the importance of working effectively with her lab group in a team environment and managing her time wisely. She is always a pleasure to have in class and always maintains a bright and positive outlook. I'm glad to have had the
